Orgasmic Appetizers
Shari Darling

I endorsed this book because I think Shari is doing an outstanding job with wine-friendly recipes. You absolutely need this book if you love food or wine or both. Here's my blurb from the back cover: Shari Darling, Canada's food-and-wine pairing diva, takes culinary bliss to a new level. Don't even think of taking another bite or sip without her advice. Her book won't just add zest to your table, it'll also spice up your sensual life!
